DISCOVER PARIS-MODENA™

Since 2014 Paris-Modena™ has been an exclusive invitation for **challenge-loving sportspeople** to take part in a **cycling event unlike any other**.

As its name declares, Paris-Modena™ **takes place between these two cities**, without the slightest element of competition, but with the aim of **seeing things through to the end. Together!**

In addition to this personal challenge, each covered kilometre **will raise funds for charities** helping seriously ill children live the dream of their life.

Every year we have a **selected group of 20 passionate cyclists** sharing the same values, creating new bonds, riding along unprecedented routes to make it a **lifetime experience**.

In 2025 we will be riding along the roads of **France, Switzerland, and Italy** on a six-day luxury cycling program.

From **premium accommodations** to **gourmet meals**, every detail is designed for your comfort and enjoyment.

You will be living unique moments of **cycling, fine dining, relaxation** and **exclusive experiences**.

As usual, we will provide **top-notch professional assistance, Officine Mattio top-end bikes**, a complete cycling kit, energy drinks and food.

All you need to bring are your shoes - **we will take care of handling everything else for you**.

2025 EDITION

In 2024 we celebrated **10 years of Paris-Modena™**.

This year edition marks the beginning of a fresh era, still combining the **thrill of cycling** with the **elegance of luxury**

With new routes and exclusive experiences, the 2025 edition promises to **elevate the Paris-Modena™ tradition** to new heights.

The **gems of 2025 edition** are:
